# A DISCOVERY OF TIMELESS WORLDS

PLACES TO GO IN 2024  
— New York Times —

# “NATURAL BEAUTY THAT WILL TAKE YOUR BREATH AWAY”

Surrounding the town of Havre-Saint-Pierre is the world-famous Mingan Archipelago National Park Reserve, a chain of hundreds of limestone islands and granite islets with a natural beauty that will take your breath away.

You can't help but be inspired by the region's mysterious monoliths and its diverse wildlife, featuring seven whale species, including the blue whale, along with marine birds, and remarkable plant life.

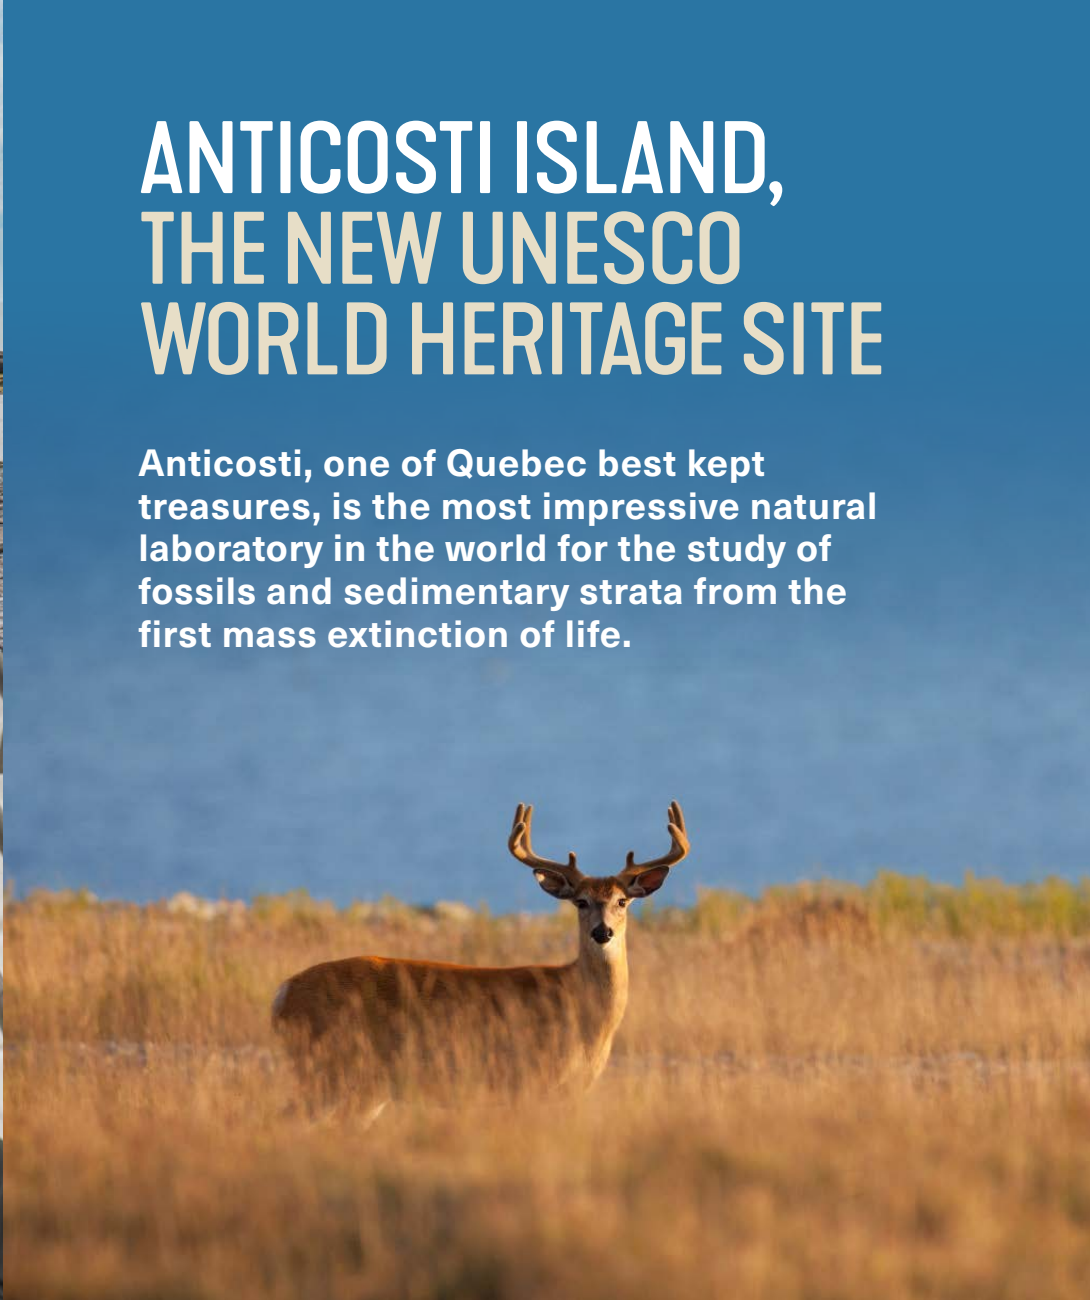

## FIRST NATIONS UNIQUE CULTURE

Soak up in the rich culture of the **Innu community of Ekuanitshit** and witness their unwavering commitment to keep alive traditional medicine, culture, and language spanning over 5,000 years.

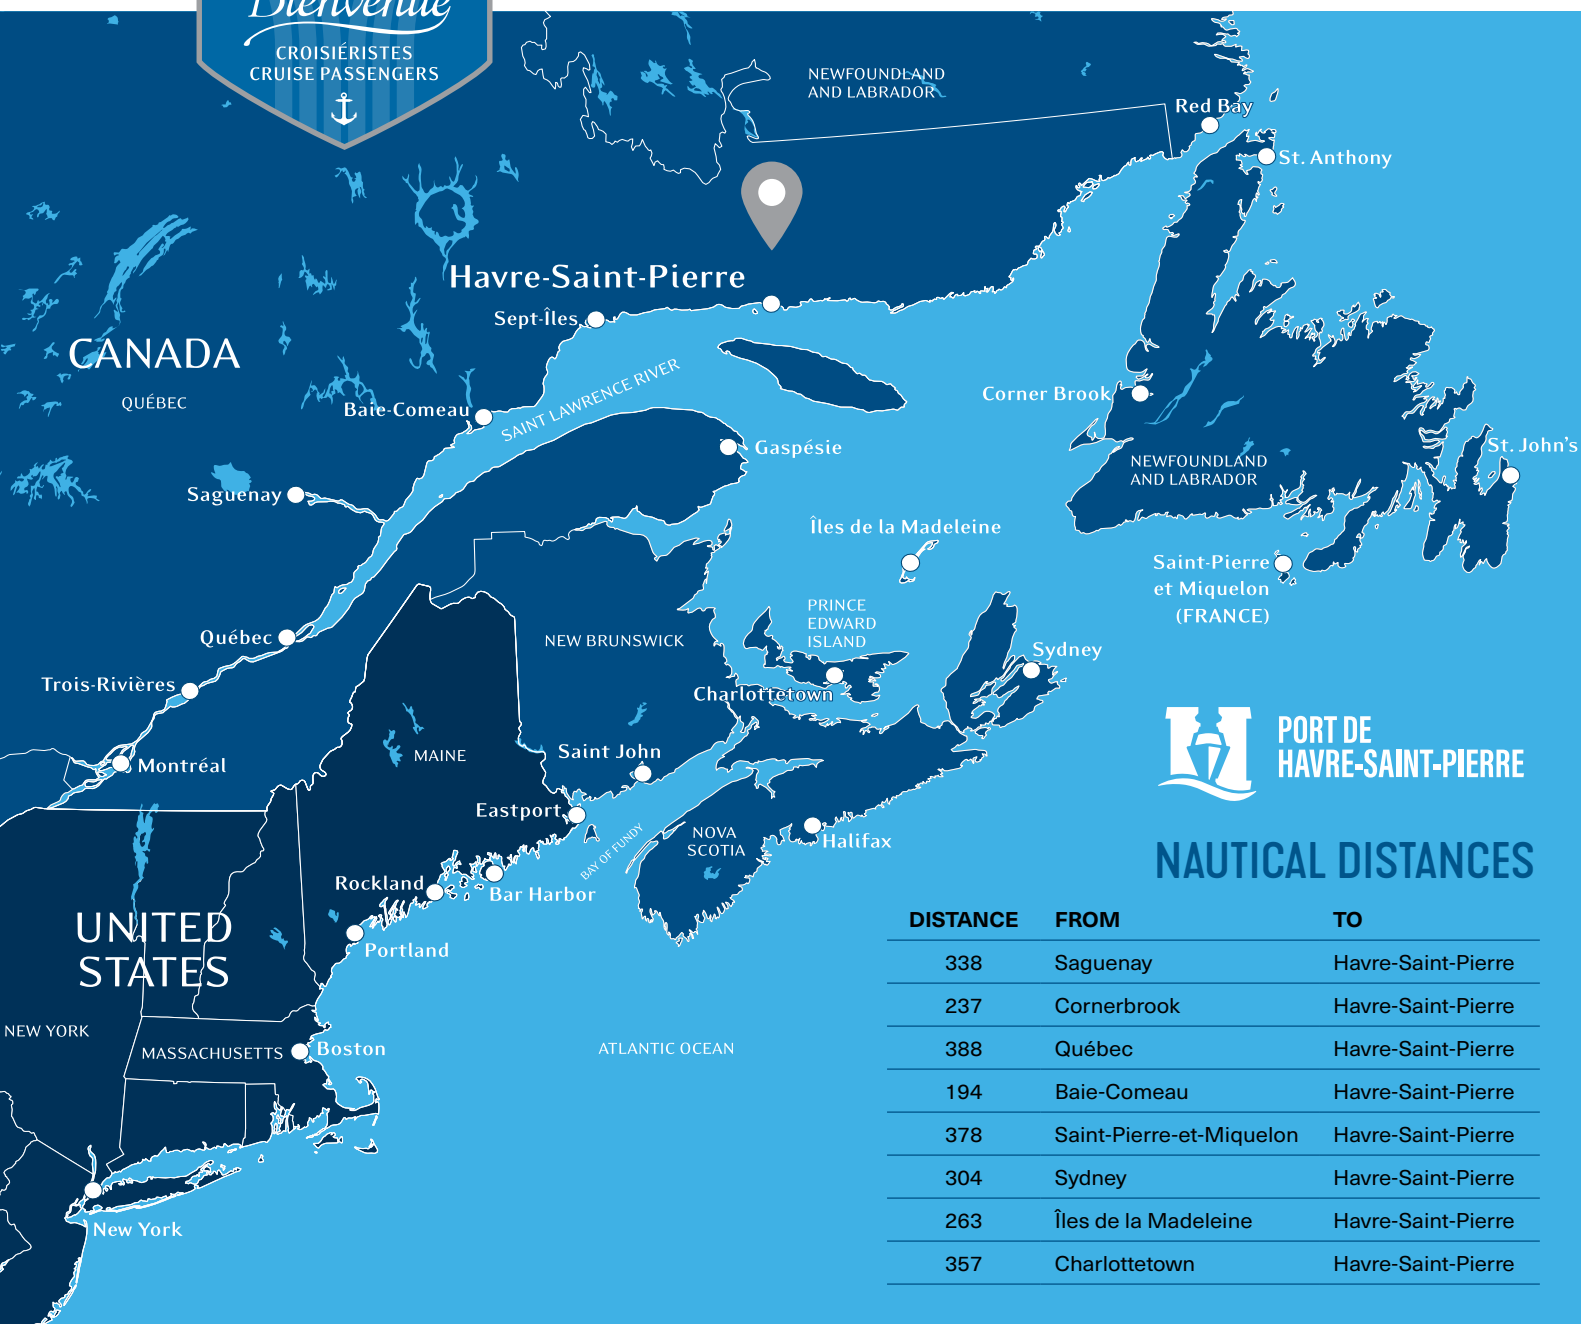

# ANTICOSTI ISLAND, THE NEW UNESCO WORLD HERITAGE SITE

Anticosti, one of Quebec best kept treasures, is the most impressive natural laboratory in the world for the study of fossils and sedimentary strata from the first mass extinction of life.
